Festive Dress

As we celebrate 25 years of promoting good skin health through research and education, our Chairman and Board of Directors are deeply grateful to our donors for their continuing support. We would especially like to salute the many donors who allowed their gifts to this past October's canceled gala to be converted into contributions for our 2012 Annual Appeal. Your generosity allowed us in 2012 to continue our long history of awarding significant research grants – despite the cancellation of our major fundraiser. Together we can make a difference!
